Mike Korol, General Manager of Carlisle Roof Foam and Coatings says, "Building Enclosure Solutions bring a high level of professionalism along with great industry knowledge and experience to the team. They are a valued addition and we are excited to have them onboard."

About Carlisle Roof Foam and Coatings: Carlisle Roof Foam and Coatings (CRFC) is a part of the Carlisle Construction Materials (CCM) family of companies. CRFC offers a broad range of acrylic and silicone roof coatings and spray polyurethane foam (SPF) insulations for commercial roofing applications. CRFC's SPF roofing systems provide a long-term, sustainable solution and are seamless, watertight, and virtually maintenance-free. Acrylic and silicone coatings are used as a component of SPF roofing systems and can also be used as standalone products to restore existing aged roofs. For more information about Carlisle Roof Foam and Coatings, please visit www.carlislerfc.com.

Carlisle Construction Materials LLC is a diversified manufacturer and supplier of premium building products and related technologies for the commercial and residential construction markets. Every CCM company offers sustainable, eco-friendly products that help reduce a building's carbon footprint and often minimize its energy consumption and costs. CCM is a division of Carlisle Companies (NYSE:CSL). It employs over 2,400 people and operates 26 plants in North America and 5 in Europe.
