

Continuing Education with CCM University

Carlisle Roof Foam and Coatings (CRFC) knows that continuing education is crucial to supporting our customers and advancing the industry. With these things in mind, CRFC is pleased to offer CCM University, an online portal of free educational resources.

CCM University offers convenient, on-demand e-Learning courses that are approved for AIA/IIBEC accreditation and are perfect for busy professionals looking for continuing education on roof foam and coating systems.

Topics Include:

- Identifying Substrates for Roof Restoration
- Coating Enhancement with Micro Fibers
- Field Adhesion Testing
- Why SPF Roofing?
- Repairing Substrate Blisters and Buckles
- Silicone or Acrylic?
- Primers

Carlisle is a Registered Provider with The American Institute of Architects Continuing Education Systems. Credit earned on completion of these programs will be reported to CES Records for AIA members. Certificates of Completion for both AIA and non-AIA members are available on request. These programs are registered with the AIA/CES for continuing professional education. As such, it does not include content that may be deemed or construed to be an approval or endorsement by the AIA of any material of construction or any method or manner of handling, using, distributing, or dealing in any material or product. Questions related to specific materials, methods, and services will be addressed at the conclusion of this presentation.
