

# Ambassador Elite

Restoring a commercial roof can be a large investment of your time and money. Your roof is an essential element of your building; it protects everything of value to your business including equipment, merchandise, technology, and employees. Choosing the right contractor to install your roof is as essential as choosing the roof itself and can be one of your toughest decisions during the process.

Carlisle Roof Foam and Coatings (CRFC) has created the Ambassador Elite Program to make choosing a contractor easy. Elite Ambassadors are not only dedicated but also exhibit a level of workmanship that is outstanding in the industry. Elite status is an acknowledgment that a contractor is among the best in the United States.

To be a part of this program, contractors go through a rigorous annual screening process and must meet a variety of requirements.

## Elite Ambassador Contractors:

- Have attended CRFC's Contractor Certification Program
- Meet all local and state health and safety requirements
- Meet Carlisle's rigorous credit check process
- Install at least 225,000 square feet of CRFC products annually
  - At least 100,000 square feet under warranty
- Have less than 5 warranty claims annually

## The Elite Ambassador designation gives you peace of mind that you are working with the best contractors in the country.

- Experienced
- Knowledgeable
- Quality conscious
- Safety focused
- Access to the industry's best warranties and support team
- Backed by Carlisle's 100+ years of experience
