Carlisle Roof Foam and Coatings is a part of the Carlisle Construction Materials (CCM) family of companies. CRFC offers a broad range of acrylic and silicone roof coatings and spray polyurethane foam (SPF) insulations for commercial roofing applications. CRFC’s SPF roofing systems provide a long-term, sustainable solution and are seamless, watertight, and virtually maintenance-free. Acrylic and silicone coatings are used as a component of SPF roofing systems and can also be used as standalone products to restore existing aged roofs.
