

## Prime-Tek TPO II Primer

Carlisle Roof Foam and Coatings (CRFC) is pleased to introduce **Prime-Tek TPO II Primer** to our portfolio of products. Prime-Tek TPO II Primer is a low VOC, solvent-based primer that is designed to promote optimal adhesion of SeamlesSEAL® ULTRA Silicone Coatings and SeamlesSEAL Acrylic Coatings to new or existing TPO membranes. The application of Prime-Tek TPO II Primer is simple, cost effective, and time efficient.

### Features and Benefits

- Specifically designed for TPO membranes (new and aged)
- Promote optimal adhesion of SeamlesSEAL ULTRA Silicone Coatings and SeamlesSEAL Acrylic Coatings
- Quick drying (15 minutes)
- Easily applied with airless spray equipment, roller, or brush
- Low VOC levels
- Coverage rates of 200-300 sqft per gallon
- Available in 5-gallon containers

Precaution: The Prime-Tek TPO II Primer is a flammable liquid. As a result, the necessary shipping, handling, and storage requirements need to be followed for this class of product. Consult the SDS and your sales representative for additional information.

Prime-Tek TPO II Primer will be available starting May 1<sup>st</sup>, 2020 and is the preferred primer for all TPO membranes. For additional information, contact your local sales representative or visit [www.CarlisleRFC.com](http://www.CarlisleRFC.com).

Sincerely,

Bruce Schenke  
Product Manager
